Citations Affected: IC 5-10-8; IC 20-5-2-2; IC 20-7.5-1-4; noncode.

Synopsis: Local unit employee health benefits. Allows a local governmental unit to provide group health insurance coverage to active and retired officials and employees through one of three methods, including participation in a local unit group to provide coverage under a state employee health benefit plan. Requires the local unit group to be treated as a single group that is separate from the state employee group. Requires the state personnel department to: (1) establish costs of providing coverage to the local unit group as a whole and establish a uniform premium schedule; and (2) provide an annual opportunity for local units to elect to provide or terminate coverage under a state employee health benefit plan. Prohibits the determination of premiums paid by a local unit from being based on claims made by the local unit. Provides that the state personnel department may adopt rules specifying minimum participation and contribution requirements for participation in a state employee health benefit plan.
